APPLICATION FOR AUTHORIZATION TO INSTITUTE A CLASS ACTION AND TO OBTAIN THE STATUS OF REPRESENTATIVE

(Art 574 C.C.P. and following)

TO ONE OF THE HONOURABLE JUSTICES OF THE SUPERIOR COURT, SITTING IN THE CLASS ACTION CHAMBERS IN THE DISTRICT OF MONTREAL, YOUR APPLICANT STATES AS FOLLOWS:

I. GENERAL PRESENTATION

1. The Applicant wishes to bring a class action on behalf of the Class hereinafter described, of which she herself is a member, namely:

"All direct and indirect purchasers in Quebec who purchased or leased motor vehicles containing Exhaust Systems or who purchased Exhaust Systems, from January 1, 2002 to March 25, 2014 (the "Class Period")."*

*Motor vehicle is defined as: cars, sport utility vehicles (SUVs), vans, light trucks (weighing up to 10,000 lbs).

A. Overview

2. Beginning at least as early as January 1, 2002 and continuing until at least March 25, 2014, or such other time as the anti-competitive effects of the Defendants' conduct ceased (the **Class Period**), the Defendants (as described in paragraphs 8 through 30 below) conspired with various corporations, persons, partnerships, firms and/or individuals not named in this lawsuit, the identities of which are not presently known, to 1) fix, maintain, increase or control the price for the supply of Exhaust Systems (as defined in paragraph 37 below), 2) to allocate sales, territories, customers or markets for the production or supply of Exhaust Systems, 3) to fix, maintain, control, prevent, lessen or eliminate the production or supply of Exhaust Systems, and/or 4) to rig bids for Exhaust Systems (collectively the **Conspiracy**, as further defined in paragraphs 47 through 52 below).
3. The Conspiracy was targeted at automobile original equipment manufacturers (**OEMs**), who purchased Exhaust Systems directly from the Defendants or one of them, and

component manufacturers (**Tier I Manufacturers**), who purchased Exhaust Systems directly from the Defendants or one of them before selling the Exhaust Systems to OEMs.

4. As a consequence of the Defendants' collusive conduct, the Defendants and their co-conspirators eliminated or reduced competition in the Exhaust Systems industry. Through their conduct, the Defendants effectuated an overcharge for Exhaust Systems purchased by OEMs and Tier I Manufacturers.
5. OEMs and Tier I Manufacturers passed their increased costs for the purchase of Exhaust Systems on to indirect purchasers of Exhaust Systems, including but not limited to indirect purchasers in Quebec who purchased or leased vehicles containing Exhaust Systems and those who acquired replacement Exhaust Systems.
6. The Defendants' Conspiracy had the effect of overcharging both direct and indirect purchasers of Exhaust Systems and direct and indirect purchasers of Exhaust Systems suffered losses as a consequence of the Defendants' unlawful conduct.
7. Through this suit, Quebec direct and indirect purchasers of Exhaust Systems seek to hold the Defendants accountable for their unlawful Conspiracy.

B. The Parties

Bosal Defendants

8. Bosal International NV ("**Bosal International**") is a Dutch corporation with its principal place of business in Lummen, Belgium. At all material times, Bosal International manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and subsidiaries, including the defendants Bosal Nederland, B.V. ("**Bosal Nederland**"), Bosal Industries-Georgia Inc. (operating as Bosal International North America) ("**Bosal NA**") and Bosal USA, Inc. ("**Bosal USA**").
9. Bosal Nederland is a Dutch corporation with its principal place of business in Vianen, Netherlands. At material times, Bosal Nederland manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Bosal Nederland is owned and controlled by Bosal International.
10. Bosal NA is an American corporation with its principal place of business in Ypsilanti, Michigan. At material times, Bosal NA manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Bosal NA is owned and controlled by Bosal International.
11. Bosal USA Inc. is an American corporation with its principal place of business in Whippany, New Jersey. At material times, Bosal USA manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in

vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Bosal USA is owned and controlled by Bosal International.

12. The Defendant companies named in paragraphs 8 through 11 of this application are collectively referred to herein as the "**Bosal Defendants**". Each of the Bosal Defendants was an agent of the other for the purposes of the manufacture, distribution, marketing and/or sale of the Exhaust Systems. At all material times, the Bosal Defendants functioned as a joint enterprise in the Conspiracy to suppress and eliminate competition in the Exhaust Systems industry. The business of each of the Bosal Defendants is inextricably interwoven, and they operate collectively for their mutual benefit and profit.

Tenneco Defendants

13. Tenneco Inc. is an American corporation with its principal place of business in Lake Forest, Illinois. During the Class Period, Tenneco manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and subsidiaries, including the defendants Tenneco GmbH, Tenneco Automotive Operating Co., Inc. ("**Tenneco Automotive**"), and Tenneco Canada Inc. ("**Tenneco Canada**").
14. Tenneco GmbH is a German corporation with its principal place of business in Edenkoben, Germany. During the Class Period, Tenneco GmbH manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Tenneco GmbH is owned and controlled by Tenneco Inc.
15. Tenneco Automotive Operating Company Inc. is an American corporation with its principal place of business in Lake Forest, Illinois. During the Class Period, Tenneco Automotive manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Tenneco Automotive is owned and controlled by Tenneco Inc.
16. Tenneco Canada is a Canadian corporation with its principal place of business in Owen Sound, Ontario, as appears from the Corporation Profile Report disclosed as **Exhibit P-1**. During the Class Period, Tenneco Canada manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Tenneco Canada is owned and controlled by Tenneco Inc.
17. The Defendant companies named in paragraphs 13 through 16 of this application are collectively referred to herein as the "**Tenneco Defendants**". Each of the Tenneco Defendants was an agent of the other for the purposes of the manufacture, distribution, marketing and/or sale of the Exhaust Systems. At all material times, the Tenneco Defendants functioned as a joint enterprise in the Conspiracy to suppress and eliminate competition in the Exhaust Systems industry. The business of each of the Tenneco

Defendants is inextricably interwoven, and they operate collectively for their mutual benefit and profit.

Eberspacher Defendants

18. Eberspacher Gruppe GmbH & Co. KG ("**Eberspacher Group**") is a German corporation with its principal place of business in Esslingen, Germany. At material times, Eberspacher Group manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and subsidiaries, including the defendants Eberspacher Exhaust Technology GmbH & Co. KG ("**Eberspacher Exhaust**"), Eberspacher North America, Inc. ("**Eberspacher NA**") and Espar Products Inc. ("**Espar**").
19. Eberspacher Exhaust is a German corporation with its principal place of business in Esslingen, Germany. At material times, Eberspacher Exhaust manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Eberspacher Exhaust is owned and controlled by Eberspacher Group.
20. Eberspacher NA is an American corporation with its principal place of business in Novi, Michigan. At material times, Eberspacher NA manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Eberspacher NA is owned and controlled by Eberspacher Group.
21. Espar is a Canadian corporation with its principal place of business in Mississauga, Ontario, as appears from the Corporation Profile Report disclosed as **Exhibit P-2**. At material times, Espar manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Espar is owned and controlled by Eberspacher Group.
22. The Defendant companies named in paragraphs 18 through 21 of this application are collectively referred to herein as the "**Eberspacher Defendants**". Each of the Eberspacher Defendants was an agent of the other for the purposes of the manufacture, distribution, marketing and/or sale of the Exhaust Systems. At all material times, the Eberspacher Defendants functioned as a joint enterprise in the Conspiracy to suppress and eliminate competition in the Exhaust Systems industry. The business of each of the Eberspacher Defendants is inextricably interwoven, and they operate collectively for their mutual benefit and profit.

Meritor Defendant

23. Meritor, Inc. is an American corporation with its principal place of business in Troy, Michigan. At material times, Meritor Inc. manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries.

Boysen Defendants

24. Friedrich Boysen GmbH & Co. KG ("**Friedrich Boysen**") is a German corporation with its principal place of business in Altensteig, Germany. At material times, Friedrich Boysen manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and subsidiaries, including the defendant Boysen USA, LLC ("**Boysen USA**").
25. Boysen USA is an American corporation with its principal place of business in Gaffney, South Carolina. At material times, Boysen USA manufactured, marketed, sold and/or distributed Exhaust Systems to customers throughout Canada or for inclusion in vehicles sold in Canada, including in Quebec, either directly or indirectly, through the control of its predecessors, affiliates and/or subsidiaries. Boysen USA is owned and controlled by Friedrich Boysen.
26. The Defendant companies named in paragraphs 24 and 25 of this application are collectively referred to herein as the "**Boysen Defendants**". Each of the Boysen Defendants was an agent of the other for the purposes of the manufacture, distribution, marketing and/or sale of the Exhaust Systems. At all material times, the Boysen Defendants functioned as a joint enterprise in the Conspiracy to suppress and eliminate competition in the Exhaust Systems industry. The business of each of the Boysen Defendants is inextricably interwoven, and they operate collectively for their mutual benefit and profit.
27. Other corporations, persons, partnerships, firms and/or individuals not named in this application, because their identities are currently unknown to the Applicant participated as co-conspirators in the Conspiracy and performed acts and made statements and agreements in furtherance of the Conspiracy. The co-conspirators were all persons whom it is reasonable to believe would have, in the absence of the Conspiracy, been likely to have competed with the Defendants with respect to Exhaust Systems. Reference by the Applicant to the Defendants in this application includes reference to their co-conspirators as well.
28. Whenever reference is made in this application to any act, communication, agreement or transaction of a corporation, the Applicant is alleging that the corporation engaged in the act, communication, agreement or transaction by or through its directors, officers, employees and/or agents while they were actively engaged in the direction, management and/or control of the corporation's business.
29. The Applicant, Danielle Dallaire, is a resident of Quebec who purchased a motor vehicle equipped with the Defendants' Exhaust Systems during the Class Period, in April 2009.

C. The Exhaust System Market and Governmental Investigations

The Exhaust System Market is Generally Conducive to a Price-Fixing Conspiracy

30. The structure and other characteristics of the automotive parts market and sub-markets in Canada and elsewhere are conducive to price-fixing arrangements and have made

collusion particularly attractive. Specifically, with respect to each component part in the automotive parts market, including the Exhaust Systems market, there are (1) high barriers to entry, and (2) inelasticity of demand.

31. A new entrant into the Exhaust Systems market would face a costly and lengthy start-up, including multi-million-dollar costs associated with manufacturing plants and equipment, energy, transportation, distribution infrastructure and long-standing customer relationships.
32. A collusive arrangement that raises product prices above competitive levels would, under basic economic principles, attract new entrants seeking to benefit from the supra-competitive pricing. But, where there are significant barriers to entry, new entrants are less likely. Thus, barriers to entry help to facilitate the formation and maintenance of cartels.
33. Demand is said to be "inelastic" if an increase in the price of a product results in only a small decline in the quantity sold of that product, if any. In other words, customers have nowhere to turn for alternative, cheaper products of similar quality, and so continue to purchase the product despite a price increase. Inelastic demand is a market characteristic that facilitates collusion, allowing producers to raise their prices without triggering customer substitution and lost sales revenue.
34. Demand for Exhaust Systems is highly inelastic because there are no close substitutes for these products. In addition, customers must purchase these components as an essential part of a vehicle, even if the prices are kept at supra-competitive levels.

Investigation and Guilty Pleas – Canada and the United States

35. A press release from the Competition Bureau Canada indicates that the Bureau's investigation of international bid-rigging conspiracies among car parts suppliers resulted in 13 guilty pleas and over \$86 million in fines imposed by the courts in Canada, as appears from a copy of said press release dated October 19, 2018 which followed a similar press release dated February 14, 2018, disclosed *en liasse* as **Exhibit P-3**.
36. A press release from the United States Department of Justice dated May 31, 2018 states that the Antitrust Division's prosecution has resulted in the convictions of 46 corporation and 32 executives, including certain of the Defendants, and more than \$2.9 billion in fines, as appears from a copy of said press release disclosed as **Exhibit P-4**.

D. Exhaust Systems and the Conspiracy

Exhaust Systems

37. "Exhaust Systems" consists of and include various manifolds, flex pipes, catalytic converters, converters, diesel oxidation catalysts, diesel particulate filters, oxygen sensors, exhaust gas temperature sensors, isolators, gaskets, clamps, resonator assemblies, pipe accessories, mufflers, muffler assemblies, and tubes, installed in vehicles. When reference is made herein to Exhaust Systems this includes components and/or parts thereof.

38. Exhaust Systems collect hot, toxic exhaust gases from a vehicle's engine and guide them out of the vehicle. Exhaust systems are considered to have a "hot end" and a "cold end". The hot end is mounted to the engine and contains components such as exhaust manifolds and catalytic converters, among others. The cold end is mounted to the underbody of the vehicle and contains components such as mufflers and exhaust pipes, among others.
39. The Exhaust Systems at issue are standard features of every new vehicle and are installed by OEMs in new vehicles as part of the manufacturing process. Exhaust Systems are also installed in vehicles to replace worn out, defective or damaged Exhaust Systems. Exhaust Systems are typically manufactured for specific automobiles, and are developed over a year in advance of an automobile model entering the market.
40. Before ordering Exhaust Systems for a new model, OEMs and, in some circumstances, Tier I Manufacturers, request pricing from part suppliers through requests for quotation ("RFQs").
41. Once a supplier is awarded a contract to supply parts for a particular automobile model, the supplier typically supplies the parts for the duration of the model. Once production of the model-specific part has begun, OEMs issue annual price reduction requests ("APRs") to the part suppliers throughout the term of the supply contract.
42. In response to RFQs for certain Exhaust Systems, the Defendants and their co-conspirators submitted price quotes to various OEMs and Tier I Manufacturers. In response to their submitted quotes, the Defendants and their co-conspirators were awarded certain supply contracts.
43. Pursuant to these supply contracts, the Defendants and their co-conspirators manufactured certain Exhaust Systems in Canada, the United States, Mexico, Japan, Europe, and elsewhere and then supplied the Exhaust Systems to various OEMs and Tier I Manufacturers for installation in vehicles 1) manufactured and sold in Canada, 2) manufactured and sold in the United States, 3) manufactured and sold elsewhere, 4) manufactured in Canada and then exported to and sold elsewhere, 5) manufactured in the United States or elsewhere and then imported to and sold in Canada, and/or 6) as replacement parts.
44. The affected OEMs included, but were not limited to: Toyota Motor Corporation and certain of its subsidiaries, affiliates, and suppliers in Canada, the United States, Japan and elsewhere; General Motors Company and certain of its subsidiaries, affiliates, and suppliers in Canada, the United States and elsewhere; and Honda Motor Co., Ltd. and certain of its subsidiaries, affiliates, and suppliers in Canada, the United States, Japan and elsewhere.
45. The identities of all affected OEMs and Tier I Manufacturers who entered into supply contracts with the Defendants and their co-conspirators are currently unknown to the Applicant.
46. The sale of the Exhaust Systems – and the Conspiracy which led to their artificially inflated prices – resulted in substantial revenues for the Defendants.

The Conspiracy

47. The Defendants voluntarily colluded as between themselves and with their co-conspirators to use unlawful means to injure the economic interests of 1) OEMs and/or Tier I Manufacturers, and 2) indirect purchasers of Exhaust Systems.
48. Beginning at least as early as January 1, 2002 and continuing until at least March 25, 2014, or such other time as the anti-competitive effects of the Defendants' conduct ceased the exact dates being unknown to the Applicant, the Defendants and their co-conspirators knowingly entered into a continuing agreement, understanding and concert of action to 1) increase or maintain the prices of certain Exhaust Systems, and/or 2) suppress and eliminate competition with respect to the manufacture, marketing, sale and/or distribution of certain Exhaust Systems (the "**Agreement**"), and to conceal their Agreement from OEMs, Tier I Manufacturers and industry stakeholders.
49. The substantial terms of the Agreement included: 1) fixing, maintaining, increasing or controlling the price for the supply of certain Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere, 2) allocating sales, territories, customers or markets for the production or supply of certain Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere, 3) fixing, maintaining, controlling, preventing, lessening or eliminating the production or supply of certain Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere, and/or 4) engaging in bid-rigging with respect to quotes for the supply of certain Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere.
50. With respect to the Conspiracy, "price" includes any discount, rebate, allowance, price concession or other advantage in relation to the supply of Exhaust Systems.
51. Bid-rigging, with respect to the Conspiracy, means:
 - a. an agreement or arrangement between or among the Defendants and their co-conspirators whereby one or more of them agreed or undertook not to submit a bid or tender in response to a call or request for bids or tenders, or agreed or undertook to withdraw a bid or tender submitted in response to such a call or request, or
 - b. the submission, in response to a call or request for bids or tenders, of bids or tenders were arrived at by the agreement or arrangement between or among the Defendants and their co-conspirators

where the agreement or arrangement was not made known to OEMs and/or Tier I Manufacturers calling for or requesting the bids or tenders for Exhaust Systems at or before the time when any bid or tender was submitted or withdrawn by the Defendants and/or their co-conspirators.

52. For the purpose of carrying out the Conspiracy, the Defendants and their co-conspirators engaged in conduct that included, among other things:
 - a. participating in meetings, conversations and other communications to discuss the bids and price quotations to be submitted to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;

- b. participating in meetings, conversations and other communications to discuss the allocation among the companies of certain sales, territories, customers or markets for the production or supply of the Exhaust Systems;
- c. agreeing, during those meetings, conversations and communications on bids and price quotations (including APRs) to be submitted to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere or, alternatively, agreeing that one or more of the companies not submit bids in response to RFQs or that one or more companies withdraw bids submitted in response to RFQs;
- d. agreeing, during those meetings, conversations and communications to fix, maintain, increase or control the price (including APRs) for the supply of Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- e. agreeing, during those meetings, conversations and communications to allocate among the companies certain sales, territories, customers or markets for the production or supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- f. agreeing, during those meetings, conversations and communications to fix, maintain, control, prevent, lessen or eliminate the production or supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- g. in order to effectuate the Agreement, exchanging information on: 1) bids and price quotations (including APRs) to be submitted to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere, 2) the allocation of certain sales, territories, customers or markets for the production or supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere, and/or 3) the production and supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- h. in accordance with the Agreement, submitting bids and price quotations (including APRs) to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere or, alternatively, declining to submit bids in response to RFQs or withdrawing bids submitted in response to RFQs;
- i. in accordance with the Agreement, fixing, maintaining, increasing and/or controlling the price (including APRs) for the supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- j. in accordance with the Agreement, allocating among the companies certain sales, territories, customers and/or markets for the production or supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- k. in accordance with the Agreement, fixing, maintaining, controlling, preventing, lessening and/or eliminating the production and/or supply of the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere;
- l. selling the Exhaust Systems to OEMs and/or Tier I Manufacturers in Canada, the United States and elsewhere at collusive and non-competitive prices; and
- m. accepting payment for the Exhaust Systems sold to OEMs and/or Tier I Manufacturers in Canada, the United States, Japan and elsewhere at collusive and non-competitive prices which resulted in increased revenues for the Defendants.

E. Damages

53. As a direct result of the anticompetitive and unlawful conduct alleged herein, the Applicant and Class members paid artificially inflated prices for Exhaust Systems during the Class Period and have thereby suffered damages.
54. The Defendants' price-fixing Conspiracy had the following effects, among others:
- a. price competition has been restrained or eliminated with respect to Exhaust Systems;
 - b. the prices of Exhaust Systems have been fixed, increased, maintained, or stabilized at artificially inflated levels;
 - c. direct and indirect purchasers of Exhaust Systems in Canada, including in the province of Quebec, the United States, Japan and elsewhere have been deprived of free and open competition; and
 - d. direct and indirect purchasers of Exhaust Systems in Canada, including in the province of Quebec, the United States, Japan and elsewhere paid artificially inflated prices for the Exhaust Systems.

F. The Defendants' Liability

55. The Defendants' conduct and that of their co-conspirators was contrary to Part VI of the *Competition Act*.
56. Each of the Defendants aided, abetted and/or counselled the other Defendants and their co-conspirators in the commission of the breaches of Part VI of the *Competition Act*. Each of the Defendants therefore violated sections 21 and 22 of the *Criminal Code*.
57. The conduct of the Defendants and their co-conspirators was also contrary to the competition laws of the United States, Japan and various European nations.
58. Further, for the purpose of giving effect to the Conspiracy and contrary to Part VI of the *Competition Act*, beginning at least as early as January 1, 2002 and continuing until at least March 25, 2014, the exact dates being unknown to the Applicant, the Defendants, wherever incorporated who carried on business in Canada, implemented, in whole or in part in Canada, a directive, instruction, intimation of policy or other communication to the corporation or any person from a person in a country other than Canada who was in a position to direct or influence the policies of the corporation, which communication was for the purpose of giving effect to a conspiracy, combination, agreement or arrangement entered into outside Canada, whether or not any director or officer of the corporation in Canada had knowledge of the conspiracy, combination, agreement or arrangement.
59. The purpose of the conspiratorial conduct of the Defendants and their co-conspirators was to increase, fix, rig, maintain, control or stabilize the price of Exhaust Systems. As a direct and foreseeable result of the Conspiracy, the prices of 1) Exhaust Systems, and 2) motor vehicles containing Exhaust Systems were artificially inflated in Canada, including in the province of Quebec, in the United States, Mexico, Japan and elsewhere. The Applicant and Class Members were overcharged for the Exhaust Systems.

60. The conduct of the Defendants in furtherance of the Conspiracy was unlawful and inequitable. The increased revenues that the Defendants realized as a consequence of artificially inflating the prices of Exhaust Systems are ill-gotten profits.
61. Pursuant to section 36 of the *Competition Act*, the Applicant and Class members are entitled to recover from the Defendants an amount equal to the loss or damage suffered by them, together with any additional amount that the Court may allow.
62. Furthermore, the Defendants failed to comply with their obligations under the *Civil Code of Quebec* such as, and without limiting the generality of the foregoing, those relating to their good faith obligation and duty not to cause injury to another.
63. The Defendants and their co-conspirators intended to cause damage to the Applicant and Class members. Alternatively, the Defendants and their co-conspirators knew or ought to have known that their actions would cause damage to the Applicant and Class members.
64. The Defendants' anticompetitive and unlawful conduct, including their participation in the Conspiracy, was concealed and conducted in such a way as to prevent its discovery by the Applicant and the Class members.
65. Moreover, a reasonable person placed in the same circumstances would not have seen fit to investigate the legitimacy of the prices of the Defendants' Exhaust Systems.
66. Each Defendant is jointly and severally liable for the actions of the other Defendant and their co-conspirators and for the damages allocated to each Defendant.

Punitive Damages

67. A punitive damage award in this case is necessary to express society's condemnation of the conduct engaged in by the Defendants and to achieve the goals of both specific and general deterrence.
68. The Defendants intentionally engaged in unlawful conduct for their personal financial gain. The conduct of the Defendants was planned and deliberate. It lasted for several years. The Defendants profited from their misconduct. Their conduct was high-handed and represented a marked departure from ordinary standards of decent behavior.
69. Compensatory damages are insufficient in this case. The conduct of the Defendants merits punishment and warrants a claim for punitive damages.

Unjust Enrichment

70. Three criteria are required to establish unjust enrichment: 1) an enrichment, 2) a corresponding deprivation, and 3) the absence of any juristic reason for the enrichment.
71. In this case, the Defendants were enriched by the artificially inflated prices of Exhaust Systems caused by the Conspiracy. These artificially inflated prices resulted in increased revenues for the Defendants.
72. The Applicant and Class members suffered a corresponding deprivation as a consequence of the inflated prices of Exhaust Systems, namely: paying more for

Exhaust Systems and vehicles containing Exhaust Systems than they would have in the absence of the Conspiracy.

73. There was no juristic reason or justification for the enrichment of the Defendants; conversely, the conduct of the Defendants was unlawful.

II. FACTS GIVING RISE TO AN INDIVIDUAL ACTION BY THE APPLICANT

74. The facts giving rise to an individual claim by the Applicant against the Defendants are as follows:
- a. during the Class Period, the Applicant, Danielle Dallaire, purchased a 2010 Honda Insight, as shown in the April 22, 2009 contract of purchase, disclosed as **Exhibit P-5**;
 - b. in light of the Defendants' anticompetitive and unlawful conduct, the Applicant was deprived of free and open competition and, as a result, paid an artificially inflated price for the motor vehicle equipped with Exhaust Systems which she purchased;
 - c. the Applicant suffered damages as a result of the Defendants' anticompetitive and unlawful actions, namely the difference between the artificially inflated price paid for the motor vehicle she purchased equipped with Exhaust Systems and the price she would have normally paid in a market where free and open competition prevails;
 - d. the Defendants' anticompetitive and unlawful actions were camouflaged and were not brought to the attention of the Applicant;
 - e. the Applicant did not and could not know that the Defendants were involved in anticompetitive and unlawful conduct and breaching their obligations.

75. The Applicant's damages are a direct result of the Defendants' conduct.

76. Thus, the Applicant is justified in claiming damages from the Defendants.

III. FACTS GIVING RISE TO AN INDIVIDUAL ACTION BY EACH OF THE MEMBERS OF THE CLASS

77. The facts giving rise to the individual claims by each of the members of the Class against the Defendants are as follows:
- a. every member of the Class has purchased Exhaust Systems and/or purchased or leased a motor vehicle equipped with Exhaust Systems;
 - b. in light of the Defendants' anticompetitive and unlawful conduct, every member of the Class was deprived of transactions in a free and open market and, as a result, paid an artificially inflated price for the purchase of Exhaust Systems and/or for the purchase or rental of motor vehicles equipped with these components;
 - c. every member of the Class suffered damages equal to the difference between the artificially inflated price paid for Exhaust Systems and / or motor vehicles equipped with these components that they purchased or leased, and the price they should have normally paid in a market where free and open competition prevails;
 - d. the Defendants' anticompetitive and unlawful actions were camouflaged and were not brought to the attention of the Class members;

- e. the Class members did not and could not know that the Defendants were involved in anticompetitive and unlawful conduct and breaching their obligations;
- f. every member of the class suffered damages as a direct result of the Defendants' anticompetitive and unlawful conduct;
- g. thus, each Class member is justified in claiming damages suffered as a result of the Defendants' anticompetitive and unlawful conduct.

IV. CONDITIONS REQUIRED TO INSTITUTE A CLASS ACTION

78. The composition of the Class makes it difficult or impractical to apply the rules relating to the mandate to sue or be sued on behalf of others or for consolidation of proceedings, having regard to Article 575 (3) of the *Civil Code of Procedure*, in that:
- a. the number of people in the Class is estimated at several million, given the sales figures of the Defendants and the widespread use of the products described herein;
 - b. Class members are numerous and scattered across the entire province;
 - c. the names and addresses of the persons who are part of the Class are unknown to the Applicant;
 - d. all the facts alleged in the foregoing paragraphs demonstrate that it would be impractical, if not impossible, to contact each and every member of the Class to obtain mandates and to join them together into one action;
 - e. in these circumstances, a class action is the only appropriate procedure and the only viable means for all of the members of the Class to effectively pursue their respective legal rights and gain access to justice.
79. The claims of the members of the Class raise identical, similar or related issues of law or fact.
80. Individual issues, if any, pale by comparison to the numerous common issues that are significant to the outcome of the litigation.
81. The damages sustained by the Class members flow, in each instance, from a common nucleus of operative facts, namely, the Defendants' misconduct.
82. The questions of fact or of law that concern the members of the Class Action and the Applicant are listed in the following paragraphs and are identical, similar or related for each:
- a. Have the Defendants conspired and/or entered into an agreement or arrangement that had the effect of unduly restricting competition in the sale of Exhaust Systems and/or artificially increasing the price of Exhaust Systems and, if so, during what period did this conspiracy and bid rigging have an effect on the Applicant and the Class members?
 - b. Does the participation of the Defendants in the conspiracy and bid rigging constitute a fault for which they are jointly and severally liable towards the Applicant and the Class members?
 - c. Did the conspiracy and bid rigging result in an increase in the price paid by the Applicant and Class members in Quebec for the purchase of Exhaust Systems and/or the purchase and/or rental of motor vehicles equipped with Exhaust

Systems and, if so, does this increase constitute a damage to the Applicant and to each of the members of the Class?

- d. What is the total amount of damages suffered by the Applicant and the Class members?
- e. Are the Defendants liable to pay punitive damages and if so, in what amount?
- f. Are the Applicant and Class members justified in claiming the reimbursement of the costs incurred in the present matter, namely the costs of investigation, the extrajudicial fees and disbursements of attorneys for the Applicant?
- g. Were the Defendants unjustly enriched and if so, should the Defendants disgorge their profits?

V. NATURE OF THE ACTION AND CONCLUSIONS SOUGHT

83. The action that the Applicant wishes to institute on behalf of the members of the Class is an action in damages;

84. The conclusions that the Applicant wishes to introduce by way of an application to institute proceedings are:

- **GRANT** the class action of the Applicant; and each of the members of the Class;
- **CONDEMN** the Defendants, jointly and severally, to pay compensatory damages valued at \$ 50,000,000 to be adjusted, and **ORDER** collective recovery of those sums;
- **CONDEMN** the Defendants, jointly and severally, to pay punitive damages valued at \$ 5,000,000 to be adjusted, and **ORDER** collective recovery of those sums;
- **CONDEMN** the Defendants, jointly and severally, to pay the costs incurred for any investigation necessary to establish their liability in this case, including the extrajudicial fees and disbursements of attorneys for the Applicant;
- **CONDEMN** the Defendants, jointly and severally, to pay interest at the legal rate plus the additional indemnity provided for in article 1619 of the *Civil Code of Quebec* on the above sums from the date of service of the application to authorize a class action;
- **CONDEMN** the Defendants to bear the costs of the present action including expert fees and notice fees;
- **RENDER** any other order that this Honourable Court shall determine and that is in the interest of the members of the Class;

85. The Applicant requests that she be attributed the status of representative of the Class and is able to ensure adequate representation of the members of the Class for the following reasons:

- a. She is a member of the Class;
- b. The Applicant is ready and available to manage and direct the present action in the interest of the members of the Class that she wishes to represent and is determined to lead the present action until a final resolution of the matter, the whole for the benefit of the Class, as well as to dedicate the time necessary for

- the present action before the Courts and the Fonds d'aide aux actions collectives, as the case may be, and to collaborate with her attorneys;
- c. Applicant has the capacity and interest to fairly, properly, and adequately protect and represent the interest of the members of the Class;
 - d. Applicant has given the mandate to her attorneys to obtain all relevant information with respect to the present action and intends to keep informed of all developments;
 - e. Applicant, with the assistance of her attorneys, is ready and available to dedicate the time necessary for this action and to collaborate with other members of the Class and to keep them informed;
 - f. Applicant has given instructions to her attorneys to put information about this class action on their website and to collect the coordinates of those Class members that wish to be kept informed and participate in any resolution of the present matter, the whole as will be shown at the hearing;
 - g. Applicant is in good faith and has instituted this action for the sole goal of having her rights, as well as the rights of other Class members, recognized and protected so that they may be compensated for the damages that they have suffered as a consequence of the Defendants' conduct;
 - h. Applicant understands the nature of the action;
 - i. Applicant's interests do not conflict with the interests of other Class members and further, Applicant has no interest that is antagonistic to those of other members of the Class;
 - j. Applicant is prepared to be examined out-of-court on her allegations (as may be authorized by the Court) and to be present for Court hearings, as may be required and necessary;
 - k. Applicant has spent time researching this issue on the internet and discussing with her attorneys to prepare this file. In so doing, she is convinced that the problem is widespread.

86. The Applicant proposes, in the best interests of the Class members, that this class action be brought before the Superior Court, sitting in the District of Montreal, for the following reasons:

- a. a great number of the members of the Class reside in the judicial district of Montreal;
- b. many of the purchases of Exhaust Systems and/or purchases or leases of motor vehicles containing Exhaust Systems were concluded in the judicial district of Montreal;
- c. the Applicant's attorneys practice their profession in the judicial district of Montreal.

87. The whole cause of action arose in Quebec.

88. The present application is well founded in fact and in law.

FOR THESE REASONS, MAY IT PLEASE THE COURT TO:

GRANT the present application;

AUTHORIZE the bringing of a class action in the form of an application to institute proceedings in damages;

DESIGNATE the Applicant, Danielle Dallaire, as representative of the persons included in the Class herein described as:

"All direct and indirect purchasers in Quebec who purchased or leased motor vehicles containing Exhaust Systems or who purchased Exhaust Systems, from January 1, 2002 to March 25, 2014 (the "**Class Period**").*

*Motor vehicle is defined as: cars, sport utility vehicles (SUVs), vans, light trucks (weighing up to 10,000 lbs).

IDENTIFY the principle issues of fact and law to be treated collectively as the following:

- a. Have the Defendants conspired and / or entered into an agreement or arrangement that had the effect of unduly restricting competition in the sale of Exhaust Systems and/or artificially increasing the price of Exhaust Systems and, if so, during what period did this conspiracy and bid rigging have an effect on the Applicant and the Class members?
- b. Does the participation of the Defendants in the conspiracy and bid rigging constitute a fault for which they are jointly and severally liable towards the Applicant and the Class members?
- c. Did the conspiracy and bid rigging result in an increase in the price paid by the Applicant and Class members in Quebec for the purchase of Exhaust Systems and/or the purchase and / or rental of motor vehicles equipped with Exhaust Systems and, if so, does this increase constitute a damage to the Applicant and to each of the members of the Class?
- d. What is the total amount of damages suffered by the Applicant and the Class members?
- e. Are the Defendants liable to pay punitive damages and if so, in what amount?
- f. Are the Applicant and Class members justified in claiming the reimbursement of the costs incurred in the present matter, namely the costs of investigation, the extrajudicial fees and disbursements of attorneys for the Applicant?
- g. Were the Defendants unjustly enriched and if so, should the Defendants disgorge their profits?

The interests of justice favour that this motion be granted in accordance with its conclusions;

IDENTIFY the conclusions sought by the class action to be instituted as being the following:

- **GRANT** the class action of the Applicant and each of the members of the Class;
- **CONDEMN** the Defendants, jointly and severally, to pay compensatory damages valued at \$ 50,000,000 to be adjusted, and **ORDER** collective recovery of those sums;
- **CONDEMN** the Defendants, jointly and severally, to pay punitive damages valued at \$ 5,000,000 to be adjusted, and **ORDER** collective recovery of those sums;
- **CONDEMN** the Defendants, jointly and severally, to pay the costs incurred for any investigation necessary to establish their liability in this case, including the extrajudicial fees and disbursements of attorneys for the Applicant;

- **CONDEMN** the Defendants, jointly and severally, to pay interest at the legal rate plus the additional indemnity provided for in article 1619 of the *Civil Code of Quebec* on the above sums from the date of service of the application to authorize a class action;
- **CONDEMN** the Defendants to bear the costs of the present action including expert fees and notice fees;
- **RENDER** any other order that this Honourable Court shall determine and that is in the interest of the members of the Class.

DECLARE that all members of the Class that have not requested their exclusion, within the specified timeframe, be bound by any judgment to be rendered on the class action to be instituted in the manner provided for by the law;

FIX the delay of exclusion at thirty (30) days from the date of the publication of the notice to the Class members, date upon which the members of the Class that have not exercised their means of exclusion will be bound by any judgment to be rendered herein;

ORDER the publication of a notice to the members of the Class in accordance with articles 576 and 579 C.C.P. within sixty (60) days from the judgment to be rendered herein;

RENDER any other order that this Honourable Court shall determine and that is in the interest of the members of the Class;

THE WHOLE with costs, including all publication fees.

SUMMONS
(articles 145 and following C.C.P.)

Filing of a judicial application

Take notice that the applicant has filed this originating application in the office of the Superior Court in the judicial district of Montréal.

Defendant's answer

You must answer the application in writing, personally or through a lawyer, at the Montréal courthouse situated at 1, Notre-Dame Est, Montréal, Québec, H2Y 1B6 within 15 days of service of the application or, if you have no domicile, residence or establishment in Québec, within 30 days. The answer must be notified to the applicant's lawyer or, if the applicant is not represented, to the applicant.

Failure to answer

If you fail to answer within the time limit of 15 or 30 days, as applicable, a default judgement may be rendered against you without further notice and you may, according to the circumstances, be required to pay the legal costs.

Content of answer

In your answer, you must state your intention to:

- negotiate a settlement;
- propose mediation to resolve the dispute;
- defend the application and, in the cases required by the Code, cooperate with the applicant in preparing the case protocol that is to govern the conduct of the proceeding. The protocol must be filed with the court office in the district specified above within 45 days after service of the summons or, in family matters or if you have no domicile, residence or establishment in Québec, within 3 months after service;
- propose a settlement conference.

The answer to the summons must include your contact information and, if you are represented by a lawyer, the lawyer's name and contact information.

Change of judicial district

You may ask the court to refer the originating application to the district of your domicile or residence, or of your elected domicile or the district designated by an agreement with the applicant.

If the application pertains to an employment contract, consumer contract or insurance contract, or to the exercise of a hypothecary right on an immovable serving as your main residence, and if you are the employee, consumer, insured person, beneficiary of the insurance contract or hypothecary debtor, you may ask for a referral to the district of your domicile or residence or the

district where the immovable is situated or the loss occurred. The request must be filed with the special clerk of the district of territorial jurisdiction after it has been notified to the other parties and to the office of the court already seized of the originating application.

Transfer of application to Small Claims Division

If you qualify to act as an applicant under the rules governing the recovery of small claims, you may also contact the clerk of the court to request that the application be processed according to those rules. If you make this request, the applicant's legal costs will not exceed those prescribed for the recovery of small claims.

Calling to a case management conference

Within 20 days after the case protocol mentioned above is filed, the court may call you to a case management conference to ensure the orderly progress of the proceeding. Failing this, the protocol is presumed to be accepted.

Exhibits supporting the application

In support of the originating application, the Applicant intends to use the following exhibits:

EXHIBIT P-1:	Corporation Profile Report for Tenneco Canada Inc.
EXHIBIT P-2:	Corporation Profile Report for Espar Products Inc.
EXHIBIT P-3:	<i>En liasse</i> copy of the Competition Bureau Canada's press releases dated October 19, 2018 and February 14, 2018
EXHIBIT P-4:	Copy of the United States Department of Justice press release dated May 31, 2018
EXHIBIT P-5:	Copy of the Applicant's contract of purchase relating to the purchase of her vehicle

These exhibits are available on request.

Notice of presentation of an application

If the application is an application in the course of a proceeding or an application under Book III, V, excepting an application in family matters mentioned in article 409, or VI of the Code, the establishment of a case protocol is not required; however, the application must be accompanied by a notice stating the date and time it is to be presented.
